

(DSSE 31)

**B.Sc. DEGREE EXAMINATION,
NOVEMBER 2021.**

Third Year

SOFTWARE ENGINEERING (IT)

Time : Three hours

Maximum : 70 marks

Answer any FIVE questions.

1. (a) Define Software Engineering and its characteristics.
(b) Why does the Software Engineering is a layered Technology?
 2. Explain Evolutionary Process Models.
 3. What is Analysis? How does Requirements to be elicited for software?
 4. (a) How Design effects the software Quality?
(b) Explain about Design Principles.
 5. What is Software Architecture? How Requirements mapped into Software Architecture?
 6. Explain Basis Path Testing.
 7. Discuss about Integration testing strategies.
 8. What are Software Quality Assurance Activities?
 9. Explain about Structured Analysis.
 10. Explain about different activities involved in Interface Design.
-

(DSCCN 31)

B.Sc. DEGREE EXAMINATION, NOVEMBER 2021.

Third Year

COMPUTER COMMUNICATIONS AND
NETWORKS (IT)

Time : Three hours

Maximum : 70 marks

Answer any FIVE questions.

All questions carry equal marks.

1. Explain about OSI reference model with neat diagram.
 2. Discuss about multiplexing and its types with suitable example.
 3. Explain about data link control in detail.
 4. Write about point to point protocol.
 5. How do you explain internetworking devices?
 6. Explain the types of transmission modes.
 7. What about network topology? Explain the different network topologies.
 8. Explain the shielded twisted pair and unshielded twisted pair.
 9. Write a short notes on circuit switching and message switching.
 10. Explain the protocols in data link layer.
-

(DSBC 31)

B.Sc. DEGREE EXAMINATION, NOVEMBER 2021.

Third Year

BASICS OF E-COMMERCE (IT)

Time : Three hours

Maximum : 70 marks

Answer any FIVE questions.

All questions carry equal marks.

1. Define the term e-commerce. Also state its origin, evolution and development.
 2. Enumerate the major services, activities and advantages of e-commerce.
